

Extended Oil Change Intervals

Some newer GM, Ford and Asian model autos require the use of special synthetic oil which permits a longer interval between oil changes. Be certain that your customers' vehicles are protected by both a top quality synthetic oil and an extended range FRAM oil filter to go the extra mileage with full engine filtration protection.

FRAM[®] TOUGH GUARD[®] Oil Filter

Superior Engine Protection:

- Uses a 9% higher level of synthetic media to provide 6X MORE protection than the average of leading economy oil filters.
- Outstanding 99% Dirt Trapping Efficiency
 Silicone anti-drainback valve holds a reserve of oil in the filter to help protect the engine during start up.

NOW IN STOCK FOR POPULAR MODELS

Remember **FRAM Extra Guard Filters** for all regular oil changes. Maximum protection for normal oil change intervals.

Genuine FRAM filters protect better than any other brand economy filter!
