25 Years of Service to the Niagara Region

QUALITY - SERVICE - SUPPORT

## DECEMBER, 2010 - NEWSLETTER

In winter, vehicle battery power is restricted by cold outside temperatures. Power demands are high with blower motors and window heaters drawing extra energy. Ensuring that your customers have adequate battery capability is an important part of delivering good seasonal service. We can help with two lines of batteries, testing tools, and chargers to meet the needs of your customers!

## POWER SOLUTIONS
