Installed!

Call for details!

Model#: E10
Versymmetric® 2-Post Lift
Asymmetric application
10,000 lb. capacity

E10

E10:
3-stage front arms

Versymmetric®
Technology

The E10 features Challenger's innovative Versymmetric® Technology, providing technicians the versatility to lift vehicles both symmetrically and asymmetrically within the same service bay. This exclusive technology facilitates increased efficiency and revenue potential. With double telescoping screw pads, durable powder coat finish, plated arm restraints and pins and many other appealing features, the E10 will accommodate the rigorous demands of a full service facility – and afford room to grow with its competitive price. Available in red and blue.

Ask our Sales Representatives about our *special* change-over offer! We can switch your current filter brands to the best in the industry - **FRAM** -
