

Worldwide Leadership in Lighting, A/C Leak Detection and Additives

**ALL CLIPLIGHT PRODUCTS:
SPECIAL PRICING - MAY-JUNE 2010**

976KIT SUPER SEAL TOTAL AUTO

976KIT

- * Searches out and seals leaks instantly in any automotive A/C.
- * Easily injected into the A/C system. Continues to check and seal leaks for years to come.
- * Includes Dry R to eliminate moisture, which creates a super-highway in the A/C system and ensures the long term stability and complete distribution of the dye.
- * Prevents acid formation which extends the life of A/C system components.
- * UV dye to locate leaks that occur which may be too large for Super Seal to effectively repair.

\$41.95**

HYBRID A/C COMPRESSOR OIL

#51112

SPECIAL \$29.99

8 oz - 240 ml bottle

Synthetic lubricant specially formulated for Electric Hybrid Air Conditioning Compressors

- * High Dielectric Protection Formula has excellent "resistivity" to potential electrical current leakage in high voltage hybrid A/C systems
- * Contains conditioners, inhibitors & anti-wear agents
- * Provides excellent lubricity and compressor protection

Many hybrid vehicles come with hybrid A/C compressors which are belt driven by the vehicle's engine when it is running, or turned by a small electric motor when the vehicle is in idle-stop.

(The gasoline powered engine shuts off at a stoplight or in stop-and-go traffic.)

Other hybrid vehicles have entirely electric-driven A/C compressors which do not rely on being belt-driven by the gasoline engine. Whether "electric-only" or "belt and electric" these compressors have a bright orange 3-phase high-voltage cable connected to them & must use an oil with high dielectric properties or high "resistivity" to current leakage to help prevent shock hazards.

Blended to OEM performance specifications

COOL DUAL - COMBINATION UV & WHITE LIGHT

82DC **\$34.95**

DUAL PURPOSE A/C WORK LIGHT

Aluminum casing, functions both as flashlight and UV detection light, at the flick of a switch.

21 UV LEDs OR 20 white LEDs

Includes 4 x 'AA' batteries,

Wrist strap

SLIM-LINE BLUE LED LIGHT

81DC

\$16.95

3 X AA batteries power this portable high intensity UV inspection light.

Compact, solid, cool to the touch.

A really useful addition for the A/C tech

PRO-COMPACT DYE INJECTOR & 82DC LIGHT

9982KIT

SPECIAL \$129.00

- PRO-COMPACT DYE INJECTOR HOSE & FITTINGS
- 1 X 14 SHOT DYE CARTRIDGE
- 1 BOTTLE COOLANT DYE
- 1 BOTTLE OF OIL & FUEL DYE
- 82DC UV LIGHT
- SAFETY ENHANCEMENT GLASSES
- DRIP GUARDS
- SERVICE STICKERS
- BLOW MOLDED STORAGE CASE

This KIT is also available with the 81DC Blue light, 9981KIT.

The PRO Compact A/C Dye Injector with 'CLIP-IN' dye cartridge.

A heavy duty dye injector, with a precision machined brass body and protective rubber cushion that provides a comfortable and ergonomically advance grip.

Injector actuation handle also rubber protected provides a non-slip grip for extremely rapid operation. Heavy duty precision machined piston drive is chromed for durability & long life. Smooth dye cartridge insertion mechanism with unique insert, twist and lock.

Locking mechanism ensures that cartridges are inserted and held firmly reducing accidental discharge or ejection of cartridge. Cartridges each contain 14 shots of dye in a transparent injector with screw cap. Cartridges have graduated markings on them. Injector and cartridge system has the unique feature such that one complete revolution of injector actuator will inject one complete dose.

PRO-COMPACT DYE INJECTOR & 82DC LIGHT

9981KIT

SPECIAL \$149.00

- PRO-COMPACT DYE INJECTOR HOSE & FITTINGS
- 1 X 14 SHOT DYE CARTRIDGE
- 1 BOTTLE COOLANT DYE
- 1 BOTTLE OF OIL & FUEL DYE
- 81DC UV LIGHT
- SAFETY ENHANCEMENT GLASSES
- DRIP GUARDS
- SERVICE STICKERS
- BLOW MOLDED STORAGE CASE

This KIT is also available with the 81DC Blue light, 9981KIT.
