DAYCO BELT DIAGNOSTIC KIT

Sale: \$99.95
Regular \$109.99

#93874

Complete on-line training video available at:
www.youtube.com Enter: Dayco Kriket Tension Gauge

Improperly tensioned belts cause slippage, squealing, heat build-up and premature failure. Dayco engineers recommend careful belt tensioning.

*After a new belt has been installed, run engine for 3 to 5 minutes to seat belt. After seating belt, reset tension to amount recommended in the **RETENSION AMOUNT** column of the Belt Tension Tables found in the Kit.*

Kit contains:

- 1 Belt Tension Gauge
- 3 Belt Wear Gauges
- 1 Two Piece Laser Belt Alignment Tool
- Instructions/Belt Tension Tables

Permatex® PermaPoxy™ 4 Minute Multi-Metal Epoxy

Versatile, easy-to-use, multi-metal epoxy adhesive is two-part adhesive and filler system that eliminates the need for welding or brazing. Sets in four minutes, no clamping needed. Dark grey appearance. Fills gaps and will not shrink. When cured, can be drilled, sanded, threaded or filed. Resistant to water and solvents. Temperature range -60°F to 300°F (-51°C to 149°C). Permanent strength up to 4500 PSI.

Special: \$4.90

#84119 25 ml dual syringe, carded

Permatex® Headlight Lens Restoration Kit

An economical and effective kit that works on exterior plastic lighting lenses to restore "LIKE NEW" clarity, improving light output and appearance. Eliminates clouded, pitted, and yellowed headlight lens surfaces. Each kit contains lens polish and polishing cloth, 4 sandpapers, 1 pair latex gloves, and simple step-by-step instruction sheet.

#09225 Complete Kit: **\$12.99**
